SUMMARY

Highly accomplished and results-driven professional with strong expertise in MERN stack development. Skilled in designing and optimizing scalable applications with modern frameworks. Proficient in React.js, Node.js, Express.js, MongoDB, Tailwind CSS, and related technologies, with proven ability to deliver high-quality front-end solutions. Adept at collaborating with cross-functional teams to achieve organizational goals and ensuring excellent user experience

WORK EXPERIENCE

Front-end Developer | Intileo Technologies LLP

Mar 2025 - **Present**

- Developing and maintaining the front-end of web applications using React.js, Vite, and TailwindCSS.
- Collaborating with backend teams to integrate Node.js APIs for seamless functionality.
- Building scalable, reusable, and responsive UI components with modern design principles.
- Optimizing front-end performance and ensuring cross-browser compatibility.
- Working in an Agile environment with focus on delivering pixel-perfect UI and smooth UX.

Full Stack Developer | Cotgin Analytics Pvt. Ltd.

Feb 2024-Nov 2024

- Developed and optimized front-end for education & HR platforms using React.js, Tailwind CSS, and Socket.io.
- Implemented real-time communication features and enhanced performance using Node.js & Express.js.
- Collaborated with UI/UX designers and backend teams in Agile environment.

Full Stack Developer | Manthan IT Solution Pvt. Ltd.

Nov 2022-Feb 2024

- Designed and developed dealer management systems, chat apps, and AI-powered chatbots.
- Integrated SQL databases with Node.js, Express, and EJS for secure, role-based applications.
- Optimized backend and database queries for large-scale operations.

PROJECTS

Pipedrive Clone (CRM System) - Intileo Technologies LLP

March 2025- Present

Tech Stack: React.js (Vite), Node.js, Tailwind CSS, CSS, Axios, Bootstrap

- Developing a clone of the Pipedrive CRM system with focus on pipeline and deal management.
- Built dynamic UI components using React with Tailwind CSS & Bootstrap for responsiveness.
- Integrated REST APIs via Axios for smooth data flow between front-end and back-end.
- Ensured fast load times with React Vite build optimization

HRMS System - Cotgin Analytics Pvt. Ltd.

Aug 2024-Nov 2024

Tech Stack: JavaScript, NodeJs, Express, ReactJs, TailwindCSS, Socket.io

- Developed and maintained the HRMS web application using React.js, CSS, and TailwindCSS for an intuitive user experience.
- Implemented real-time notifications and messaging using Socket.io to enhance communication.
- Integrated Node.js and Express.js APIs to manage employee records, payroll, and attendance.
- Optimized UI components for better performance, accessibility, and responsiveness across devices.
- Worked closely with backend developers to improve security and data handling efficiency

Medilink (Doctor Consultation App) - Cotgin Analytics Pvt. Ltd.

June 2024 - Aug 2024

Tech Stack: JavaScript, NodeJs, Express, ReactJs, TailwindCSS, Socket.io

- Built and optimized the front-end of a doctor consultation app using React.js and TailwindCSS.
- Implemented real-time consultations and chat using Socket.io.
- Integrated Node.js/Express.js APIs for seamless doctor-patient data flow.
- Developed reusable components and applied Redux/Context API for state management.
- Ensured responsive design, performance optimization, and cross-browser compatibility.

Edu-Cotgin (Education Platform) - Cotgin Analytics Pvt. Ltd.

Feb 2024- June 2024

Tech Stack: JavaScript, NodeJs, Express, ReactJs, Tailwind CSS, Socket.io

- Developed and optimized the front-end of an education platform using React.js and Tailwind CSS.
- Implemented real-time communication features using Socket.io for live interactions.
- Designed and built reusable React components to enhance scalability and maintainability.
- Integrated Node.js and Express.js APIs to enable smooth data exchange between front-end and back end.
- Improved application performance and load times by optimizing components and API calls.
- Ensured cross-browser compatibility and responsive design for seamless user experience.
- Worked in an Agile environment, collaborating with UI/UX designers and backend developers.
- Implemented state management techniques (Context API/Redux) to efficiently manage application data.

MARUTIMSM - Manthan IT Solution PVT Ltd.

Nov 2022- Jan 2023

Tech Stack: JavaScript, NodeJs, Express, EJS Template, TailwindCSS , CSS ,MYSQL

- Developed a dealer management system using Node.js, Express, SQL databases, and EJS templates.
- Implemented role-based authentication and secure transactions for dealers.
- Designed and optimized SQL queries for fast data retrieval and reporting.
- Built server-side rendered pages using EJS for dynamic content updates

HMSI (Honda Motorcycle & Scooter India Pvt. Ltd) - Manthan IT
Solution PVT Ltd.

Jan 2023-Mar 2023

Tech Stack: JavaScript, NodeJs, Express, EJS Template , CSS ,MYSQL

- Created a complete dealer management system with SQL database integration.
- Developed EJS-based server-side rendering for better performance and SEO.
- Implemented real-time inventory tracking and dealer transaction management.
- Optimized SQL queries for handling large-scale dealer operations efficiently

Chat Application (WhatsApp-like App) - Manthan IT Solution PVT Ltd.

Mar 2023- May 2023

Tech Stack: JavaScript, NodeJs, Express, EJS Template , CSS ,MYSQL

- Developed a real-time messaging platform with video and voice calling features.
- Implemented WebRTC for high-quality video calls and Socket.io for instant messaging.
- Designed a modern and responsive UI using React.js and TailwindCSS.
- Optimized backend performance using Node.js and Express.js for seamless communication.

Chatbot for HMSI: - Manthan IT Solution PVT Ltd.

May 2023- Feb2024

Tech Stack: JavaScript, NodeJs, Express, EJS Template , CSS ,MYSQL

- Developed an AI-powered chatbot for handling customer queries and support automation.
- Integrated natural language processing (NLP) to improve chatbot responses.
- Connected chatbot with HMSI's dealer management system for automated query resolution.
- Optimized chatbot performance to handle high user traffic efficiently.

EDUCATION

Master of Computer Applications (MCA)

Amity University, Greater Noida | 2023 — Present | Grade: Pass

Bachelor of Science in Civil Engineering

Lall Bahadur Shastri PG College (LBS) | 2022 | Grade: Pass

Bachelor of Science in Civil Engineering

2019 | Grade: 60-64.9% | English Medium
